Lahore

No. 1894 Dated: 20-03-2021

**SUBJECT: TRAINING SESSIONS ON OCCUPATIONAL SAFETY & HEALTH
TO COMBAT COVID – 19**

Kindly refer the subject cited above.

We are much grateful for Punjab Municipal Development Fund Company (PMDFC) for organizing training sessions for frontline MC staff, men and women sanitary workers to educate them on safety and health measures focusing COVID-19 prevention drive. These training sessions are very helpful in imparting/ sharing comprehensive demonstrative knowledge to our staff to get prevented from the COVID-19 pandemic. This will enable us to play our role to combat its spread. The training sessions were very useful and needed at this time when the Covid-19 has entered its third phase. Moreover, the Citizen Engagement sessions were also very helpful for us to engage the community in COVID -19 prevention as well as in enhancing municipal service delivery to the public.

Keeping in view the usefulness of these kinds of sessions, it is requested that this activity may not be one time rather it should be replicated in future to provide support in combating current challenges being faced in terms of COVID 19.

SUBJECT: TRAININGS ON OCCUPATIONAL SAFETY & HEALTH TO COMBAT COVID-19

Kindly refer the subject cited above.

We are much grateful for the training sessions organized by PMDFC for frontline MC staff. These sessions delivered comprehensive demonstrative knowledge to our staff to get prevented from the COVID-19 pandemic. This will enable us to play our role to combat its spread. The training sessions were very useful and needed at this time. The Citizen Engagement sessions were also very helpful for us to engage the community in COVID -19 prevention as well as in enhancing municipal service delivery to the public.

Keeping in view the usefulness of these kinds of sessions it is requested that this activity may not be one time; rather it should be replicated in future. Moreover, there are also other avenues regarding municipal service delivery that require this kind of training sessions to be managed for MC staff.
